This is my first person and I thought I could handle it hard, but it seems I was wrong. There was this chief at the first palace called heavenly punisher, it was difficult but I beat him. After that the game suddenly becomes impossible! normal monsters after this are rather difficult, but after avoiding them, appeared another celestial punisher, this does only attacks that hit the whole party team and is 1hko! I got up a little bit and I had enough money to buy the best armor for everyone, but this didn't make any difference. I don't know what I'm doing wrong. for now I will put the game in normal mode, but seriously I want to know what I'm doing wrong. you melted characters, fishing for weak points? hard is actually difficult in this series, so you might want to switch to normal until you learn mechanics. find their elementary weakness and exploit it. that as it had always gone in this series of games. the razor will do it to you and you immediately back. megaffora posted, you melted characters, fishing for weak points? hard is actually difficult in this series, so you might want to switch to normal until you learn mechanics. normal is still difficult, one thing to know is that these games are very unmissable and if you do not know the mechanics/preparing of yes you will be 1 hit or killed before you can also have a turn. p54 Sammycake88/Xbox a sammycakes88fire emblem fais mycastle 05358-10817-47902-76093 is just the nature of the game when it's on hard.
